ISSUES 351-362

THE ANNUAL EQUUS INDEX

BOB LANGRISH

A

Adrenal Gland and Adrenal Disorders
- The Latest on Cushing's (F) 359/36

Alternative Therapies
- The Benefits of Holistic Health Care (F) 361/52

American Paint Horses
- Horse Industry Statistics (F) 352/58
- Paint Horse Association bars cloned horses (RU) 352/66
- Testing for Genetic Disease (F) 353/39

American Quarter Horses
- Strength in Numbers (F) 352/50
- Horse Industry Statistics (F) 352/58
- Testing for Genetic Disease (F) 353/39
- AQHA promotes EVA testing, vaccination (RU) 355/98
- AQHA to manage trail program (RU) 358/79
- Tests available for regional dermal asthenia (MF) 359/14
- Quarter Horse museum reopens (RU) 360/73
- Breed differences affect lameness evaluation (MF) 361/13
- Brindle Quarter Horse (RU) 362/78

American Saddlebred Horses
- Horse Industry Statistics (F) 352/58
- Black horsemen celebrated (RU) 355/98
- Breeds That Gait (SR) 359/52

Anemia
- Causes of anemia (C) 353/82
- Cases in Point (SR) 362/56

Anterior Segment Dysgenesis
- Testing for Genetic Disease (F) 353/39
- Genetics of silver coat colors (MF) 354/13

Antioxidants
- Active Ingredients (F) 360/64

Appaloosa Horses
- Horse Industry Statistics (F) 352/58
- Association allows solid-colored horses to compete (RU) 354/74

Arabian Horses
- Horse Industry Statistics (F) 352/58
- Testing for Genetic Disease (F) 353/39
- Arabian community shows (RU) 354/74

Arthritis
- Caring for a Recumbent Horse (F) 351/26
- Bringing an old equine athlete out of retirement (HO) 357/31
- Managing a long-term limp (C) 358/84
- Treating arthritis early (HO) 359/20
- Why Size Matters (F) 361/36
- Answers Unlimited (SR) 362/66

Athletic Ability
- Why Size Matters (F) 361/36

B

Backs and Back Problems
- Weight-carrying capacity of a small horse (C) 354/82
- Dealing with a cold-backed horse (C) 355/110
- Limitations of ultrasound in diagnosing back pain (MF) 360/16
- Butt bar scrapes in the trailer (C) 360/83
- Mounting block spares a horse's back (MF) 361/13

Bandages and Wraps
- Wrapping a coronary wound (VS) 351/17
- Wrapping a leg (VS) 357/35
- Benefits of postoperative stomach bandaging (MF) 362/18
- How to handle leg wounds (HO) 362/21

Bathing and Cleaning
- Best Bets for Grooming (F) 356/86

Bedding
- The right bedding for trailers (HO) 351/14
- Caring for a Recumbent Horse (F) 351/26
- Problems with "biocompost" bedding (MF) 358/24

Behavior and Behavioral Problems
- Off to a Good Start (F) 352/28
- Dealing with a kicker (HO) 353/15
- Helping the Hard-Luck Horse (F) 354/54
- Reasons for messy eating habits (HO) 355/28
- Dealing with a cold-backed horse (C) 355/110
- Change in mares' behavior after breeding (C) 356/113
- Serotonin levels and aggression (MF) 357/24
- Turning out horses with hind shoes (C) 357/102
- Elimination behaviors (C) 357/106
- Vaccine to improve mare behavior (MF) 358/24
- Dangers of doorways (HO) 358/30
- Horses crave a varied diet (MF) 359/15
- Why some horses prefer to stand downhill (C) 359/78
- Horse who retains hay in her cheeks (C) 359/81
- Why a horse rests his foreleg (HO) 360/18
- Reasons for Weight Loss (F) 360/34
- Surgery alleviates marish behavior (MF) 361/14
- Sleep deprivation (C) 361/80
- Soil licking (HO) 362/22
- Answers Unlimited (SR) 362/66

Biting
- Answers Unlimited (SR) 362/66

Blankets and Sheets
- Winter coolers (HO) 352/15
- Targeted Winter Care (F) 362/38

Blood and Blood Disorders
- Causes of anemia (C) 353/82
- EIA transmission in Ireland investigated (MF) 354/12
- IRAP therapy for joints (MF) 357/23
- Stem cells from equine umbilical cord blood (MF) 362/15

Brain and Brain Disorders
- Lucky Break: Head injury (CR) 351/19
- Young horses may outgrow juvenile epilepsy (MF) 355/24
- Managing seizures (C) 357/104
- Favorable prognosis for horses with brain injury (MF) 361/16

Breeding and Reproduction
- Better Lives for Horses (F) 351/54
- Off to a Good Start (F) 352/28
- Testing for Genetic Disease (F) 353/39
- How to Feed Your Broodmare (F) 353/46
- Link between grazing stance and mismatched hooves (MF) 356/19
- Change in mares' behavior after breeding (C) 356/113

Bridleless Riding
- Four Ways to Beat the Winter Blues (F) 351/34
- Stacy Westfall wins Tulsa Reining Classic (RU) 351/74

C

Cardiovascular System and Disorders
- Caring for a Recumbent Horse (F) 351/26
- Heart damage and dental work linked (MF) 354/17
- Listening to a horse's heart (VS) 355/31
- Deceptive Appearances: Illness and injury (F) 355/42
- Cardiac effects of long-distance exercise (MF) 356/20

Castration
- Answers Unlimited (SR) 362/66

Cataracts
- Success of cataract removal (MF) 353/8
- Better Than Ever (SR) 362/50

Chewing
- Horse who retains hay in her cheeks (C) 359/81
- Hay-based diet reduces dental needs (MF) 360/12

Chimerism
- Brindle Quarter Horse (RU) 362/78

Chronic Obstructive Pulmonary Disease *(see Recurrent Airway Obstruction)*

Clipping and Clippers
- Best Bets for Grooming (F) 356/86
- The Latest on Cushing's (F) 359/36

Coat and Hair
- Skin-deep winter coat care (HO) 351/16
- A Baffling Case of Baldness (CR) 352/21
- Genetics of silver coat colors (MF) 354/13
- What coat stains reveal (HO) 355/26
- Best Bets for Grooming (F) 356/86
- The Latest on Cushing's (F) 359/36
- Active Ingredients (F) 360/64
- Feeding for coat shine (HO) 361/24

Cold Back
- Dealing with a cold-backed horse (C) 355/110

Colic
- Seasonal fluctuations in colic incidence (MF) 351/6
- Better Lives for Horses (F) 351/54
- What stomach sounds mean (MF) 355/20
- When to walk a colicky horse (HO) 355/26
- Straight Talk About Colic (F) 358/45
- Benefits of postoperative stomach bandaging (MF) 362/18
- Better Than Ever (SR) 362/50
- Cases in Point (SR) 362/56

Color and Markings
- Genetics of silver coat colors (MF) 354/13
- Association to allow solid-colored Appaloosas to compete (RU) 354/74
- Best Bets for Grooming (F) 356/86
- Brindle Quarter Horse (RU) 362/78

Combined Training *(see Eventing)*

Conformation
- Protecting horses from interference injuries (HO) 354/19
- Link between grazing stance and mismatched hooves (MF) 356/19
- How Riding Affects Your Back (F) 357/75
- The Weanling Challenge (F) 360/42
- Why Size Matters (F) 361/36
- Two new associations promote halter competition (RU) 362/77

Conjunctivitis
- Deceptive Appearances: Illness and injury (F) 355/42

Contagious Equine Metritis
- Contagious equine metritis strikes Lipizzans (MF) 358/21

Cough *(see Respiratory System and Disorders)*

GUIDE TO ABBREVIATIONS

(BP)	Back Page	(MF)	Medical Front
(C)	Consultants	(PER)	Perspective
(CR)	Case Report	(RU)	Roundup
(F)	Feature	(SR)	Special Report
(HO)	Hands On	(TT)	True Tale
(HW)	Health Watch	(VS)	Vital Skills

Cryotherapy
- Cold therapy minimizes laminitis (MF) 358/26
- Alternatives to ice in treating minor injuries (HO) 358/31

Cushing's Disease *(see also Pituitary Pars Intermedia Dysfunction)*
- Undercover Laminitis (F) 355/72
- Worries about availability of pergolide (MF) 358/21
- The Latest on Cushing's (F) 359/36
- Targeted Winter Care (F) 362/38

D

Degenerative Suspensory Ligament Desmitis
- Testing for Genetic Disease (F) 353/39
- Breeds associated with DSLD (C) 355/113

Dehydration
- Accuracy of skin-pinch test challenged (MF) 356/22

Diagnosis
- Evaluating windpuffs (HO) 351/16
- Better Lives for Horses (F) 351/54
- Ultrasound view of equine larynx (MF) 352/12
- Is Your Horse Sleep Deprived? (F) 353/30
- Testing for Genetic Disease (F) 353/39
- Performing a flexion test (VS) 354/22
- Helping the Hard-Luck Horse (F) 354/54
- What stomach sounds mean (MF) 355/20
- What coat stains reveal (HO) 355/26
- Listening to a horse's heart (VS) 355/31
- Mystery Solved: Chronic lameness (CR) 355/33
- Deceptive Appearances: Illness and injury (F) 355/42
- Accuracy of skin-pinch test challenged (MF) 356/22
- Managing seizures (C) 357/104
- Straight Talk About Colic (F) 358/45
- Tests available for regional dermal asthenia (MF) 359/14
- Pill-size diagnostic aid (MF) 359/17
- The Latest on Cushing's (F) 359/36
- Limitations of ultrasound in diagnosing back pain (MF) 360/16
- Health messages in gum color (HO) 360/18
- Reasons for Weight Loss (F) 360/34
- Better Than Ever (SR) 362/50
- The Paradox of Progress (BP) 362/104

Diarrhea
- Reasons for Weight Loss (F) 360/34

Diet and Nutrition
- Obesity's effect on fertility (MF) 351/8
- Large grain meals may decrease appetite (MF) 351/8
- Caring for a Recumbent Horse (F) 351/26
- Options for mash (HO) 352/15
- Feeding a draft-cross gelding (C) 352/74
- Winter feeding tips (HO) 353/15
- How to Feed Your Broodmare (F) 353/46
- Helping the Hard-Luck Horse (F) 354/54
- NAHMS study released (RU) 354/72
- Feeding year-old hay (C) 354/81
- Orange peel and black tea extracts may benefit athletes (MF) 355/21
- Caloric needs increase after surgery (MF) 355/21
- Reasons for messy eating habits (HO) 355/28
- Essential Vitamins (F) 356/69
- Feeding watermelon (HO) 357/32
- *Nutrient Requirements of Horses* updated (MF) 358/20
- Straight Talk About Colic (F) 358/45
- Facts About Feeding (F) 358/69
- Help for a hyperthyroid horse (C) 358/88
- Horses crave a varied diet (MF) 359/15
- The Latest on Cushing's (F) 359/36
- Hay-based diet reduces dental needs (MF) 360/12
- Reasons for Weight Loss (F) 360/34
- Feeding for coat shine (HO) 361/24
- Fall pasture laminitis alert (HO) 361/27
- Reasons for weight gain (C) 361/81
- Targeted Winter Care (F) 362/38

Digestive System and Disorders
- Seasonal fluctuations in colic incidence (MF) 351/6
- Large grain meals may decrease appetite (MF) 351/8
- Caring for a Recumbent Horse (F) 351/26
- What stomach sounds mean (MF) 355/20
- When to walk a colicky horse (HO) 355/26
- Straight Talk About Colic (F) 358/45
- Pill-size diagnostic aid (MF) 359/17
- Reasons for Weight Loss (F) 360/34
- Active Ingredients (F) 360/64
- Defensins identified in horses (MF) 362/17
- Benefits of postoperative stomach bandaging (MF) 362/18
- Cases in Point (SR) 362/56

Dorsal Displacement of the Soft Palate
- Ultrasound view of equine larynx (MF) 352/12

Draft Horses
- Feeding a draft-cross gelding (C) 352/74
- Testing for Genetic Disease (F) 353/39
- Why Size Matters (F) 361/36

Dust and Dust Control
- Are You at Risk for Heaves? (HW) 355/101
- Benefits of dunking hay (MF) 361/12
- Chronic cough (C) 362/90

E

Elderly and Older Horses
- Is Your Horse Sleep Deprived? (F) 353/30
- Bringing an old equine athlete out of retirement (HO) 357/31
- The Latest on Cushing's (F) 359/36
- Targeted Winter Care (F) 362/38
- Better Than Ever (SR) 362/50
- Answers Unlimited (SR) 362/66

Encephalitis
- Economics of West Nile vaccination (MF) 360/13

Endocarditis
- Heart damage and dental work linked (MF) 354/17

Endometritis
- Endometritis treatment (MF) 359/19

Endoscopy
- Mystery Solved: Chronic lameness (CR) 355/33

Endotoxins and Endotoxemia
- Increases risk of laminitis (MF) 362/19

Endurance Rides
- Horse Industry Statistics (F) 352/58
- New endurance ride to follow the Santa Fe Trail (RU) 355/96
- Cardiac effects of long-distance exercise (MF) 356/20
- How Riding Affects Your Back (F) 357/75
- Easy-Gaited Horses (SR) 359/47
- Answers Unlimited (SR) 362/66

Epidermoid Cysts
- Mystery Solved: Chronic lameness (CR) 355/33

Epilepsy
- Young horses may outgrow juvenile epilepsy (MF) 355/24

Epitheliogenesis Imperfecta *(see Junctional Epidermolysis Bullosa)*

Equine Herpesvirus
- Equine herpesvirus-2 may cause skin disease (MF) 351/7
- EHV-1: Sort Fact From Fiction (F) 355/67

Equine Infectious Anemia
- EIA transmission in Ireland investigated (MF) 354/12
- Horse health study released (MF) 359/18
- Final NAHMS study completed (RU) 361/73

Equine Influenza
- Benefits of flu vaccine (MF) 353/7
- Equine influenza hits Australia (MF) 362/14

Equine Motor Neuron Disease
- First experimental case of equine motor neuron disease (MF) 361/13

Equine Polysaccharide Storage Myopathy
- Testing for Genetic Disease (F) 353/39

Equine Protozoal Myeloencephalitis
- Ponzuril may prevent EPM (MF) 352/9

Equine Recurrent Uveitis
- Cases in Point (SR) 362/56

Equine Systemic Proteoglycan Accumulation
- Testing for Genetic Disease (F) 353/39

Equine Viral Arteritis
- AQHA promotes EVA testing, vaccination (RU) 355/98

Estrus
- Estrous cycle and bone cell activity (MF) 353/10
- Vaccine to improve mare behavior (MF) 358/24
- Surgery alleviates marish behavior (MF) 361/14

Ethmoid Hematomas
- Deceptive Appearances: Illness and injury (F) 355/42

Eventing
- Horse Industry Statistics (F) 352/58
- Common eventing injuries (MF) 355/22
- How Riding Affects Your Back (F) 357/75

Exercise and Conditioning
- Determining the cause of sweat (HO) 354/19
- Orange peel and black tea extracts may benefit athletes (MF) 355/21
- Cardiac effects of long-distance exercise (MF) 356/20
- Bringing an old equine athlete out of retirement (HO) 357/31
- Treating arthritis early (HO) 359/20
- Tendons benefit from uphill work (MF) 360/14
- Reasons for Weight Loss (F) 360/34
- Low-speed work can cause "bleeding" (MF) 362/14
- Targeted Winter Care (F) 362/38
- Answers Unlimited (SR) 362/66

Exercise-Induced Pulmonary Hemorrhage
- Low-speed work can cause "bleeding" (MF) 362/14

Exertional Rhabdomyolysis
- Caring for a Recumbent Horse (F) 351/26
- Testing for Genetic Disease (F) 353/39
- A Manageable Muscle Problem: PSSM (CR) 360/25

Extracorporeal Shock Wave Therapy
- Back on Track: Tendinitis (CR) 358/33

Eyes and Vision Disorders
- Success of cataract removal (MF) 353/8
- Genetics of silver coat colors (MF) 354/13
- Deceptive Appearances: Illness and injury (F) 355/42
- Good prognosis for eye cancer (MF) 357/27
- Reduce the Risks of Travel (F) 357/60
- Like Magic: Radiation therapy (CR) 359/25
- Targeted Winter Care (F) 362/38

F

Farriers and Farriery *(see also Shoes and Shoeing)*
- Protecting horses from interference injuries (HO) 354/19
- No More Lost Shoes (F) 354/44
- Undercover Laminitis (F) 355/72
- Vet school adds farrier (MF) 359/17
- The farrier's stance (VS) 361/28

Feed Supplements
- Oral joint supplements analyzed (MF) 351/7
- Oral hyaluronan may minimize joint inflammation (MF) 352/9
- Helping the Hard-Luck Horse (F) 354/54
- Treating arthritis early (HO) 359/20
- The Latest on Cushing's (F) 359/36
- Active Ingredients (F) 360/64
- Sheep supplement for horses (C) 362/93

Feeders and Feeding Equipment
- Risk of recycling old tractor tires as hay feeders (MF) 353/9

Fencing
- Fence netting protects against flies (MF) 352/11
- Checking for damage after a storm (HO) 354/20

Fertility
- Obesity's effect on fertility (MF) 351/8
- Endometritis treatment (MF) 359/19

Flooring
- Stall Flooring Systems That Work (F) 360/51

Foal Rejection
- Off to a Good Start (F) 352/28

Foaling
- Off to a Good Start (F) 352/28
- Oxytocin induces labor (MF) 354/17
- Many ill foals have rib fractures (MF) 357/23

Footing and Surface Materials
- No More Lost Shoes (F) 354/44
- Targeted Winter Care (F) 362/38

Founder
- Caring for a Recumbent Horse (F) 351/26
- Undercover Laminitis (F) 355/72
- Cases in Point (SR) 362/56

Fractures
- Birth order and breakdown risk (MF) 352/11
- Computer-aided placement of orthopedic screws (MF) 353/9
- Postsurgical mortality rates (MF) 356/22
- Good as New: Fractured elbow (CR) 356/32
- Real-world fracture repair (C) 356/111
- Many ill foals have rib fractures (MF) 357/23
- Dangers of doorways (HO) 358/30
- Rib fractures (HO) 359/22
- Better Than Ever (SR) 362/50
- Cases in Point (SR) 362/56

G

Gaited Horses
- How Riding Affects Your Back (F) 357/75
- Easy-Gaited Horses (SR) 359/47
- The Gaits: How They Look and Feel (SR) 359/50
- Breeds That Gait (SR) 359/52
- Ready to Gait (SR) 359/55

Gaits and Gait Analysis
- The Gaits: How They Look and Feel (SR) 359/50
- Breed differences affect lameness evaluation (MF) 361/13

Gas Gangrene
- Lyric's Long Battle: Gas gangrene (CR) 362/29

Genetics
- MIT project to sequence DNA of equine breeds (MF) 352/12
- Genetics and parrot mouth (C) 352/76
- Testing for Genetic Disease (F) 353/39
- Genetics of silver coat colors (MF) 354/13
- Filly aids study of equine regional dermal asthenia (MF) 355/22
- Genes governing personality (MF) 356/19
- Genetics of susceptibility to respiratory infections (MF) 357/27
- Tests available for regional dermal asthenia (MF) 359/14
- Reasons for weight gain (C) 361/81
- Defensins identified in horses (MF) 362/17
- Better Than Ever (SR) 362/50
- Brindle Quarter Horse (RU) 362/78

Girth Galls
- Guarding against girth galls (HO) 357/31

Grooming
- Skin-deep winter coat care (HO) 351/16
- Best Bets for Grooming (F) 356/86
- The Latest on Cushing's (F) 359/36

Guttural Pouch Mycosis
- Deceptive Appearances: Illness and injury (F) 355/42

H

Heaves *(see Recurrent Airway Obstruction)*

Herd behavior
- Friends in Need (BP) 351/96
- How to feed grain to a herd (HO) 360/21
- Reasons for Weight Loss (F) 360/34
- Buddy system in herds (HO) 361/24

Hereditary Equine Regional Dermal Asthenia
- Testing for Genetic Disease (F) 353/39
- Filly aids study of equine regional dermal asthenia (MF) 355/22
- Tests available for regional dermal asthenia (MF) 359/14

Historic Trails
- A Cross-Country Ride Like No Other (F) 355/54
- New endurance ride to follow the Santa Fe Trail (RU) 355/96

Holistic Medicine
- The Benefits of Holistic Health Care (F) 361/52

Hooves and Hoof Disorders
- Wrapping a coronary wound (VS) 351/17
- Caring for a Recumbent Horse (F) 351/26
- Stubborn case of thrush (C) 351/83
- Treating thrush (VS) 353/19
- No More Lost Shoes (F) 354/44
- Mystery Solved: Chronic lameness (CR) 355/33
- Deceptive Appearances: Illness and injury (F) 355/42
- Undercover Laminitis (F) 355/72
- Link between grazing stance and mismatched hooves (MF) 356/19
- Cold therapy minimizes laminitis (MF) 358/26
- Seasonal hoof changes (HO) 358/28
- Vet school adds farrier (MF) 359/17
- The Latest on Cushing's (F) 359/36
- Why some horses prefer to stand downhill (C) 359/78
- The Weanling Challenge (F) 360/42
- Active Ingredients (F) 360/64
- Purpose of toe clips (C) 360/81
- Fall pasture laminitis alert (HO) 361/27
- Possible causes of stumbling (HO) 361/27
- The farrier's stance (VS) 361/28
- Endotoxemia increases risk of laminitis (MF) 362/19

Hyperkalemic Periodic Paralysis
- Caring for a Recumbent Horse (F) 351/26
- Testing for Genetic Disease (F) 353/39

Hyperthyroidism
- Help for a hyperthyroid horse (C) 358/88

I

Icelandic Horses
- Breeds That Gait (SR) 359/52

Immune System and Disorders
- Benefits of flu vaccine (MF) 353/7
- Testing for Genetic Disease (F) 353/39
- Vaccine dosage (C) 353/82
- Helping the Hard-Luck Horse (F) 354/54
- Orange peel and black tea extracts may benefit athletes (MF) 355/21
- Endometritis treatment (MF) 359/19

Injections
- Giving an intramuscular injection (VS) 362/27
- Lyric's Long Battle: Gas gangrene (CR) 362/29

Insects and Insect Control
- Fence netting protects against flies (MF) 352/11
- Ten quick barn chores (HO) 356/28
- Potomac Horse Fever: The Final Piece of the Puzzle (F) 357/50
- Bug-Proof Your Barn and Property (F) 357/87
- Fly mask maintenance (HO) 358/28
- Facts About Feeding (F) 358/69
- Battling botflies (HO) 359/20
- Flies attracted to equine urine (MF) 360/13

Insulin Resistance
- Undercover Laminitis (F) 355/72
- The Latest on Cushing's (F) 359/36
- Obesity-related insulin resistance and inflammation linked (MF) 361/12

J

Joints and Joint Disorders
- Oral joint supplements analyzed (MF) 351/7
- Better Lives for Horses (F) 351/54
- Oral hyaluronan may minimize joint inflammation (MF) 352/9
- Noise produced by a horse's joints as he walks (HO) 353/15
- Loopy's Long Winter: Sequestrum (CR) 353/21
- Performing a flexion test (VS) 354/22
- Polyurethane horseshoes provide more shock absorption (MF) 355/24
- Good as New: Fractured elbow (CR) 356/32
- IRAP therapy for joints (MF) 357/23
- Managing a long-term limp (C) 358/84
- Treating arthritis early (HO) 359/20
- Active Ingredients (F) 360/64
- Better Than Ever (SR) 362/50
- Answers Unlimited (SR) 362/66

Junctional Epidermolysis Bullosa
- Testing for Genetic Disease (F) 353/39

K

Kicking
- Dealing with a kicker (HO) 353/15
- Turning out horses with hind shoes (C) 357/102

L

Lameness
- Performing a flexion test (VS) 354/22
